media docks
Lübeck, Germany

WELTWEITWISSEN 2026

What is it about?

For the first time, this nationally renowned conference is coming to the Baltic Sea region, focusing on:

“Life at the Sea – Globally and Locally”

What are the topics?

The event discusses global challenges related to living by, with, and in the sea. These include:

- Climate crisis, ocean protection & biodiversity
- Migration, displacement, war & global power structures
- Shipping, fisheries, tourism & sustainable economic practices
- Postcolonialism, democracy & global responsibility

The conference offers **space for exchange, new perspectives, and fresh impulses for educational work.**

Who is the conference for?

- Education practitioners from formal and non-formal education
- Teachers
- Multipliers / facilitators
- Stakeholders and practitioners from politics, public administration, and academia
- Interested individuals

What formats will be offered?

- Keynote lectures
- Panel discussions
- Workshops
- Excursions
- An education marketplace
- Networking opportunities

The WeltWeitWissen Congress 2026 is financed by:

Gefördert durch Engagement Global mit finanzieller Unterstützung des BMZ
